INST-MC-650

Whisk Away Weeds

or WEED & FEED. These clean, easy to spread compounds destroy Dandelions, Plantain, Buckhorn, all broad-leaved weeds without harm to grass. The dry, Scott particles drop right down and attach themselves to the weeds . . . no mist drift to harm valuable flowers and shrubs.

"Scotting"

4-XD® Weed Control

Clean, granular compound of 2,4-D easily broadcast by spreader. Quickly cleans out Dandelions, Plantain, Buckhorn, other broad-leaved weeds without harm to grass. One treatment usually suffices. Low labor cost, spread 5 acres per day.

Box 2,500 sq ft - \$ 1.75	10 Bags 2 1/2 acres - \$ 39.50
Bag 11,000 sq ft - 4.85	50 Bags 12 1/2 acres - 180.00

Weed & Feed

Unique dry compound combining 2,4-D and grass food. Subtly disposes of broad-leaved weeds as it feeds the grass to greater health and beauty. Excellent for restoring run-down lawns. Helps grass fill in as weeds wither away. *Easy Scotts Spreader application.*

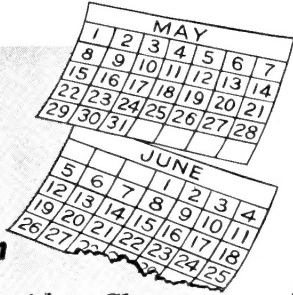

Box 2,500 sq ft - \$ 2.95	10 Bags 2 1/2 acres - \$ 99.50
Bag 11,000 sq ft - 11.75	50 Bags 12 1/2 acres - 437.50

ing" is EASY

any workman
can do it

Late Spring — Summer Program

Seeding — For bare ground, consider Clover (handy Clovex) or Scotts Special. Plant perennial grasses in late summer.

Feeding — Second spring feeding should be completed in May. Resume lawn feeding in late August.

Dandelions and the like are easily cleaned out with 4-XD or WEED & FEED. If much seedling grass, wait until second or third mowing.

Crabgrass — Other summer annual weeds are best stopped before they start. Use pre-emergence SCUTL program. Start when dogwood, lilac, apple blossoms at height. Repeat at 14 to 21 day intervals into mid-summer.

If Scutl program delayed until after Crabgrass started, repeat treatments should be at 5 to 7 day intervals. At least 4 applications required.

Ants, Chiggers, Chinch Bugs, Grubs — Scotts Pest Control is answer to better outdoor living. Dry formulation 9% Chlordane — easily applied with Spreader.

Scott's Organic

For those who want a fertilizer that can be used indiscriminately without fear of burning grass or flowers. Safe to use whether at recommended rates or otherwise. Spreads nicely through a Scotts Spreader. Ideal for summer feeding of roses and other ornamentals. Complete formula 5-2-3. No chemicals, no synthetics.

50 lbs - \$3.95 500 lbs - \$ 35.00
100 lbs - 7.85 2000 lbs - 125.00

Scott's SPREADERS

The first step in lawn economy. Make possible quick, accurate seeding, feeding and weeding, so important to lawn beauty. Sturdy, all steel carts with rubber tires, handy on-off controls.

No 25 Medium Lawn - - \$12.85
No 65 Suburban - - - - 19.50
No 100 36" Estate - - - - 44.50
No 100T Power Drawn - - 52.50

No 100 Illustrated

Estate Model, larger lawns, golf courses and professional use. Spreading width 36 inches. Treats $\frac{1}{4}$ acre with one filling. Heavy duty semi-pneumatic tires.

TURF BUILDER®

This original specific grass food continues its 25 year leadership. TURF BUILDER is grass-friendly, safe and easy to use as proven by millions of customers. Economical — you need less than half as much as ordinary fertilizers.

Feeding Program — Spring, summer and fall — should be built around TURF BUILDER. If broadleaved weeds are bad, substitute WEED & FEED once a year.

50 lbs - \$3.95 500 lbs - \$ 35.00
100 lbs - 7.85 2000 lbs - 125.00

SCUTL® Lawn Cleanser

Now three important uses as Lawn Treatment. Late spring applications (1) Curb damaging activity of fungus diseases (2) destroy seedling sprouts of weeds, and (3) easy answer to the Crabgrass problem. Quickly applied with a Scotts Spreader. Coverage shown below is for one treatment. At least four applications required.

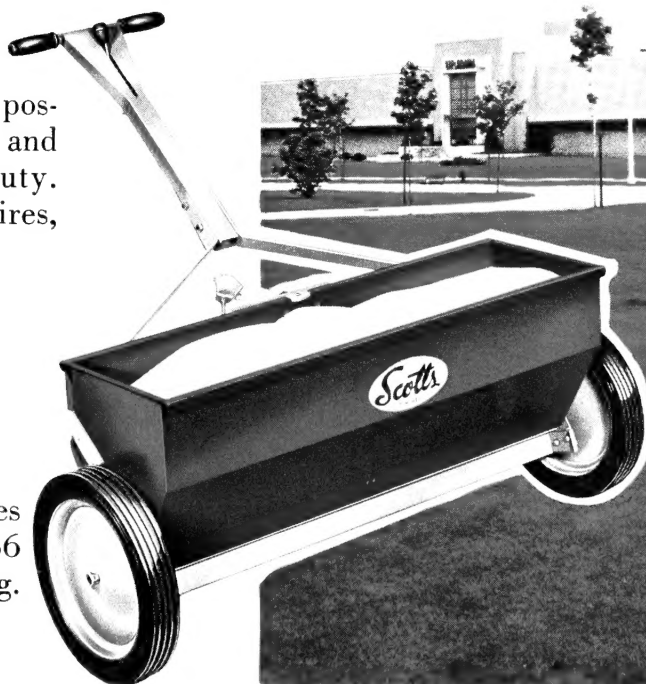

Box, 2000 sq ft - \$2.75 Bag, 11,000 sq ft - \$ 9.95
Bag, 5,500 sq ft - 5.45 10 Bags, 2 $\frac{1}{2}$ acres - 89.50

LAWN & TURF PEST CONTROL

Effectively protects lawns from damage by Beetle Grubs, Chinch Bugs, Webworms — also curtails activities of pesky Chiggers and Ants. Dry formulation of 9% active Chlordane, quickly applied with a Scotts Spreader.

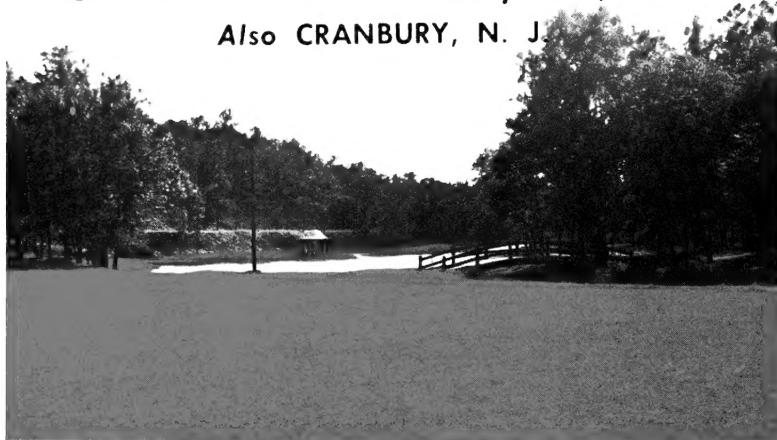

Box, 2,500 sq ft - \$ 3.50 10 Bags 2 $\frac{1}{2}$ acres - \$107.50
Bag, 11,000 sq ft - 12.75 50 Bags 12 $\frac{1}{2}$ acres - 492.50

Scott's LAWN SEED

For Deluxe Lawns, Golf Fairways and Approaches, Memorial Parks.

This seed is tops in blend and quality. Triple cleaning and rigid laboratory control assure 99.91% weed free quality. RATE: 2 lbs per 1000 sq ft — 88 lbs per acre.

5 lbs - \$ 8.85 100 lbs - \$165.00
 25 lbs - 42.50 500 lbs - 785.00

Scott's "Special" Seed

For Drier Soils, Deep Shade, Terraces.

Selected blend of quick growing grasses that do well in good or poor soils. Produces rugged turf in a hurry so it's ideal for late spring plantings of new lawns.

RATE: 4 lbs per 1000 sq ft — 175 lbs per acre

5 lbs - \$ 6.65 100 lbs - \$122.00
 25 lbs - 32.50 500 lbs - 585.00

Scott's PARK SEED

For Superior Park and Cemetery Lawns, Fairways, Meadow Lawns.

This blend has long been popular with cemetery and park officials. Once established it withstands drouth. Turf may be mowed fairly short in cool, moist weather but cutting is better at two inches or more during the hot weather.

RATE: 4 to 6 lbs per 1000 sq ft, 150 to 250 lbs per acre.

25 lbs - \$32.50 100 lbs - \$125.00
 50 lbs - 65.00 500 lbs - 585.00
 1000 lbs - \$1095.00

Scott's BLEND OF BLUEGRASS

A combination of the best varieties of Bluegrass, including Merion and Poa Trivialis, also called Rough Bluegrass. Slower growing but produces a permanent, drouth resistant turf.

RATE: 2 lbs per 1000 sq ft — 88 lbs per acre.

5 lbs - \$ 9.75 50 lbs - \$ 93.00
 25 lbs - 46.50 500 lbs - 885.00

Scott's BENTGRASS SEED

Putting Greens, Bentgrass Lawns, Bowling Greens.

Light seeding rate of 2 lbs per 1000 sq ft is adequate.

5 lbs - \$9.35 25 lbs - \$44.85

Scott's LAWN CLOVER

5 lbs - \$8.65 25 lbs - \$42.50

clover. — A blend of Scotts Clover Seed with an organic carrier — makes possible even sowing without waste.

Box, 1000 sq ft - \$1.85

Scott's ATHLETIC FIELD SEED

Football, baseball, similar areas. Golf tees and fairways on light sandy soil.

A special blend of the hardiest wear-resistant grasses for areas that can be watered in event of extended dry periods. Test proven by many years' use on college and high school athletic fields from Maine to California.

RATE: 4 to 6 lbs per 1000 sq ft, 150 to 250 lbs per acre.

25 lbs - \$20.00 100 lbs - \$ 75.00
 50 lbs - 40.00 500 lbs - 365.00
 1000 lbs - \$695.00

Scott's PLAYGROUND SEED

Non-watered Athletic Fields, Fairways, on poor soils.

Ground covers around factories and institutions, Golf course roughs. Roadsides. Suggested for rugged areas where minimum maintenance is desired. Mowing should be 2 inches or higher with rotary or sickle bar mower. Use this seed for late spring and summer athletic field plantings if area cannot be watered.

RATE: 4 to 8 lbs per 1000 sq ft — 150 to 300 lbs per acre.

25 lbs - \$15.00 100 lbs - \$ 58.00
 50 lbs - 30.00 500 lbs - 290.00
 1000 lbs - \$550.00

O M Scott and Sons Company

scotts Lawn Care PRODUCTS

Marysville, Ohio
July 8, 1955

Foster E Mohrhardt, Dir
United States Dept of Agriculture
Library
Washington 25, D C

Dear Mr Mohrhardt:

An order just crossed my desk from a Board of Education way up in Northern New York - fully a hundred miles above Saranac Lake. On the map it looks like a jumping off place, but perhaps that is what some people might say about Marysville - garden spot that it is!

The order was for 2150 pounds Park Seed, 500 pounds Athletic Field Seed, 750 pounds of Playground and 8000 pounds Turf Builder - total value \$3013.00.

It proves that the School authorities up there in Northern New York have been convinced either by us or enthusiastic customers of ours, that Scotts Seed is the best buy. A year from now or before - these New York folks will be passing the same word along to others.

Scott Seed quality is not easy to attain. It requires extra care in selection, recleaning and blending. It means correct variety formulation. Scotts is the most economical seed because you get what you want and thus only pay for what you want. No money is wasted on inferior quality, harmful weeds and unwanted grasses.

When you need grass seed, make the right choice - use Scotts. A price list is attached and you will find described other Lawn Care Products needed right now to put your grass areas in top condition.

Cordially yours

C B Mills
